Kolar Deputy Commissioners Office.
Dated 25th March 1895

To

The General Secretary to the
Government of Mysore.

Sir,

With reference to Government Proceedings No. 14545 / L.S. 227-93 dated 14th March 1895, I have the honor to submit herewith for sanction a supplemental Budget of District Funds of this Circle for the current official years as no provision to meet the cost of the items mentioned therein exist in the original Budget. Owing to the failure of rain during the last year, the difficulty for drinking water is keenly felt generally throughout the District and it has now become a matter of necessity that some arrangement must be made in this direction to supply the want by sanctioning wells to such of the villages which are altogether devoid of any source of good water supply at an easy distance. The grievances now complained

of

of by people will become general during the ensuing hot season. Out of the several estimates received in this office in connection with the improvement of water supply in the rural parts, I have rejected some, retaining only a few in consideration of the hardship experienced by the people in those villages to which the estimates refers. Besides, there are several estimates pending in this office requiring to be supplemented or revised on reasonable grounds which will be furnished when separate references will be made regarding each estimate after the sanction of the Supplemental Budget. To meet the cost of all these unforeseen works, I have inserted in the accompanying Budget a lumpsum provision of Rs 3000 under the head "Reserve Grant."

2. I request under these circumstances that you will be good enough to

obtain

obtain the sanction of Government to the accompanying Budget at an early date.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
Kolar District.

Supplemental Budget of the District Funds of the Kolar Local Fund Circle for the year 1894-95
